

EXPLORE THE TRADES WITH YOUR STUDENT.

A short, video-first guide you can use at home, from 8th grade to graduation. No class time, no cost, no sign-up.

Good pay. No four-year degree required. And the trades are hiring. Most students never get a real look, so here is a simple way to explore it together.

1 FIND THEIR YEAR

The guide runs year by year, each building on the last.

2 WATCH A FEW CLIPS TOGETHER

Short videos show the real work, up close.

3 DO ONE STEP AT HOME

A few low-pressure things to try this month.
